Support content

Number of support : 1

*In the case of multiple support, they are shown on the following pages.

Support activities

Site patrols and ecosystem surveys

Inputs

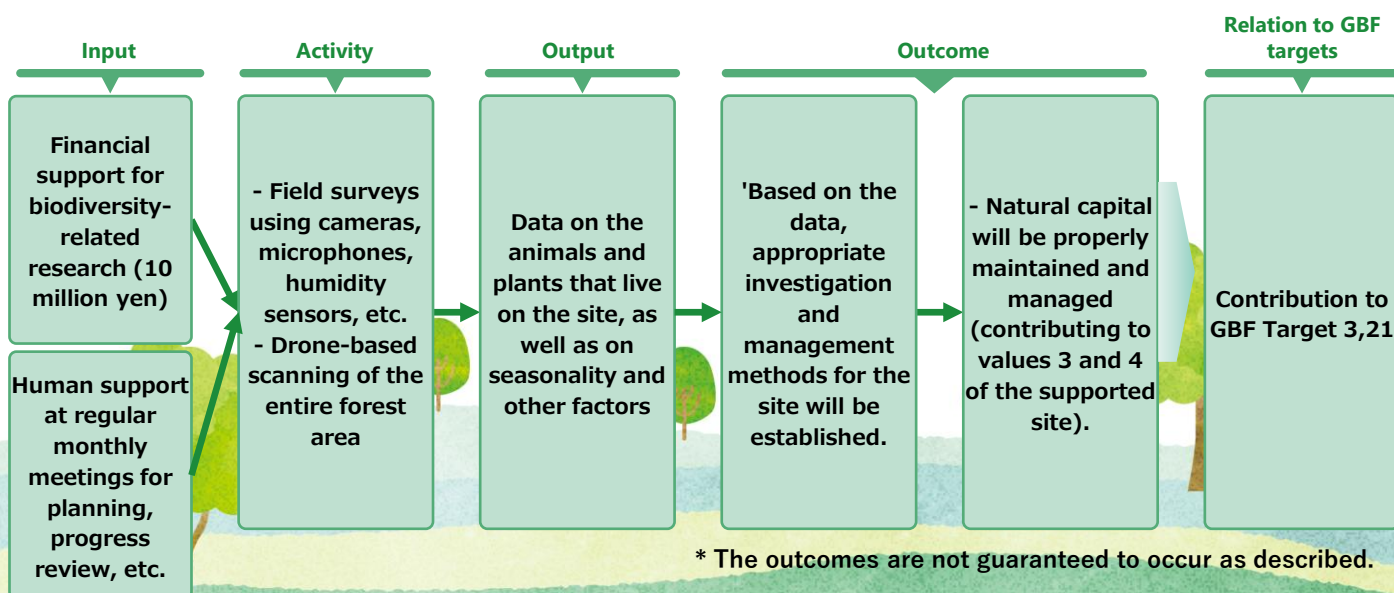

Financial support for biodiversity-related research (10 million yen)
Human support at regular monthly meetings for planning, progress review, etc.
※Of the 10 million yen, the portion related to the Nationally Certified Sustainably Managed Natural Sites

Activities

1. Biodiversity research and field surveys primarily at TAJIMA FOREST's Nationally Certified Sustainably Managed Natural Site. Survey equipment such as video cameras, microphones, and temperature/humidity sensors was installed. Vegetation and insect surveys were also carried out.
2. Forest structure scanning surveys using drones.
3. Regular monthly meetings primarily to discuss survey plans, review progress and determine schedules.

Date of support (Period)

April 2024 – March 2025

* The outcomes are not guaranteed to occur as described.

Certification Number : 251-007

**Certificate of Support for
